GRAPHICS CHANGE

Unlike a traditional roll-up that is a one-time use product, the InStore™ stand is reused year after year – both conveniently and environmentally friendly. It is double-sided and without a cassette, making it extremely easy to change the message when the time comes. New banners are shipped rolled up along with assembly instructions.

CUSTOMIZATION AND ACCESSORIES

InStore™ comes prepared for customization and accessories. The baseplate is available in three standard colors: silver, black, and white. Additionally, we can print a logo or message on it. All baseplates are equipped with four additional holes for easy attachment of accessories such as brochure or product holders.
